Stack 'Em Up

This year's Cheer Team was coached by Jessica Amenabar. The team leaders were Tiffany Caranci and Nicole Fox. The team had an incredible drive to perform to the best of their ability and win, and it showed in their performances. They were awarded Most Improved at Cheerleading camp. The cheer team practices every day after school until five o'clock for the entire school year, and they also attend one to two games a week. Practices consist of conditioning, cheer and chant repetition, and extreme stunting. For the first time in four years, the Cheerleaders participated in competition. Going to competition demanded practice over the holiday vacations.

"I feel very honored to be a part of such a wonderful, dedicated team. I love you all like sisters and I will miss you so much. Being part of such a great program for four years and having such a great relationship with all of you is something that I will never forget. This team will only excel from here. Keep on pushing yourselves, because I have faith that all of you can do whatever you put your minds to. You're only as strong as your weakest cheerleader, so never leave ANY of your teammates behind. I will never forget the memories that I have made with each and every one of you. I love you guys. And Coach, thanks for everything and don't be easy on them."

Love Always, Tiffany Caranci

On top of that, they defeated the 8 time D.V.L. champions, La Quinta, with a score of 27-0. "I was excited and happy for the kids," said Head Coach Steve Fabian, "They played an excellent game and it showed them that they were capable of being champions!" Their dedication, hard work, and most of all, love for the game, gave Palm Springs High School a little bit more spirit!

Fall 2002 proved to be a challenging season for the Palm Springs High School Varsity Volleyball team. Nine upperclassmen and only three underclassmen made up the team. This gave the Indians the upperhand in experience, as they entered the Desert Valley League. Coming out of a tough pre-season lineup, the team felt confident that they would prevail through the D.V.L. "Our toughest games were against Palm Desert, Desert Hot Springs and Cathedral City," said co-captain Rachel Taylor. "We played hard and won some and lost some." Although they did not win the D.V.L. title, this was the first varsity volleyball team to make it to the second round of CIF in six years.

The Junior Varsity and Freshman Volleyball teams both had incredible seasons - both teams were awarded the Desert Valley League Champions title. The J.V. team was composed of very young players, only suiting up two juniors for the season. A young team usually means inexperience, but that wasn't the case for these girls. They proved this with their 10-2 record. The Indians biggest challenge was against archrival Cathedral City. Junior Erin Mahoney said, "We waited all season to get to that game and all of our hard work paid off." Starting off on the right foot, the Freshman team came out of their first fall season of high school volleyball with a 12-0 record.

X-Country

1, 2, 3. Reach For Those Toes!
Team members stretch in preparation for a hard day's practice.

Although the team was small, and was often disqualified because of their team's numbers, their spirit remained strong. In the beginning, many people went out for the cross-country team. However, few stuck with it through the season. Even though they didn't win many meets, "They were a dedicated little group of hard-core athletes," said coach Cameranesi, "and it is way better to have a small dedicated team, than a large team with flaky people in it." This season's MVP for the boys' team was Brian Day (12). He was said to be the most consistent runner and the hardest worker. The girls' MVP's were Amanda Williams (9) and Paige Granger (10). The two girls did very well all year, and often raced side by side. The most-improved runner of the boys' was Robert Baker (10). He started out being one of the slowest on the team, and ended up being the number one runner of the team at the final meet. The girl's team was pretty consistent throughout the year, so there was no most-improved runner. This small team bonded throughout the season, and remained successful and true to their sport.

Coach Cameranesi, Michael Avery, Robert Baker, Adam Garner, Brian Day, Coach Clark, (bottom) Amber Blanchette, Franchesca Ruiz, Paige Granger, and Amanda Williams.

No regrets

"The JV team has proven itself both on and off the court. Their teamwork and dedication has earned them first in DVL so far this season," said Coach Paula Reynolds. As far as MVP goes, there are none; the coach believes that the players all bring certain aspects to the team that help make it a great group. The captains, Mindy Carganilla and Kristina Cherry, helped lead the team to their current record of 9-8. Maricela Hernandez is this year's most improved.

The 2002-2003 Boys' Tennis Team did very well this year. To start off their season, they had a big turnout for try-outs. The team learned a lot this year from Coach Watson! Zach the Captain said, "The team this year had the heart of a lion and the strength of a Titan!!" "To the boys from Coach Walton.. Good job this year. You were very good and dedicated this year Congrats on a job well done."

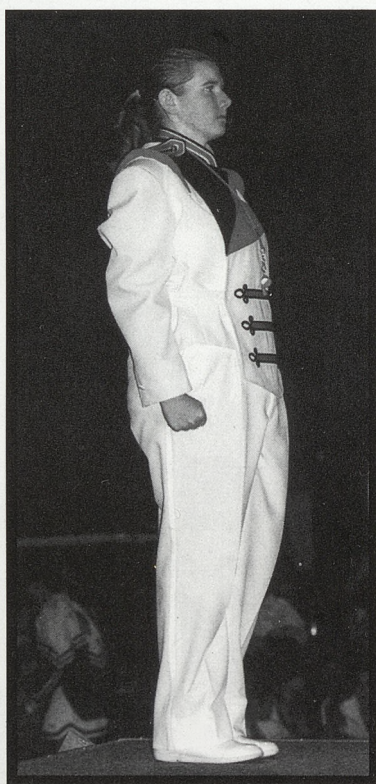

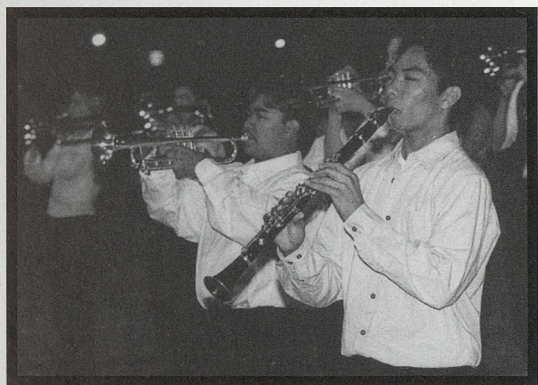

Marching band

The Spirit of the Sands band at Palm Springs High for 2002-2003 has surely continued the legacy of being one of the most well known and recognizable bands in the valley. The many different bands (under the direction of Brian Ingleson) that are offered to music students include marching band, symphonic band, production band, jazz band, and pit band. The Spirit of the Sands has also been known to perform in amazing events throughout the year. These performances include marching in a UCLA football halftime show, performing in our own football halftime show based on the musical Les Miserables, holding our first annual Halloween Concert, and marching in several parades such as the Homecoming parade, Veterans day parade and concert, Borego Springs parade, Golf Cart parade, Festival of Lights parade, and several more. Perhaps the highlight of this year's performances was traveling on tour to Denmark, Scotland and Sweden where they marched in parades and opened the Edinburgh Youth Music Festival! In order to perform in all of these events, countless hours of rehearsal consumed the lives of all the band members. Spending so much time together surely created a bond between the band members that is like no other in the school.

Production Band

The Palm Springs High School production band is a smaller form of the marching band which performs for private gigs, pep rallies, and several other events. Every year, the production band participates in around 100 performances. Just a few of these include marching through a Wal-Mart, playing for several events at the Palm Springs Air Museum, pumping up our football team at away-games, kicking off the Tour de Palm Springs, and so much more. Members of the production band are given a taste of being a professional musician.

Missing Students Found

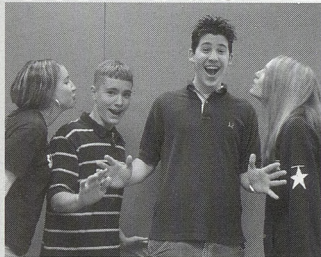

For teacher, Vida Rossi, the day began like any other, 5 cups of coffee and a chocolate bar. Nothing seemed out of the ordinary until the bell rang to begin 3rd period. It was final's day, the tests were ready, but where were the students? Could it be that the entire journalism class had the flu? Fearing foul play, Ms. Rossi packed her briefcase and went to breakfast. Imagine her surprise when she discovered that the

restaurant was full - of her students! They had not been kidnapped by aliens, as she first suspected, but were driven to near madness by the constant pressure of testing, testing, testing.

Brittany Hokuani Rutherford,

You are always smiling & lighting up the room. From dancing on the dining room table to dancing in the ensemble, playing with a "Princess Phone" to earning a "crown" on the Homecoming Court, I am so proud of you and all you accomplishments thus far. I am even prouder to be your MOM. You have exceeded my expectations every step along the way. Honor student, sports, community service, police explorers, dance ensemble, and the Special Olympics.

I respect your academic work ethic, your loyalty to your friends and family, your commitment to what you believe in, and I cherish the "friendship we share". I wish you the Moon and the Stars and know you will do well in any career path you choose. You have a bright future ahead of you. Always stay true to yourself and know your family is behind you.

We love you Britt...

Mom, Lauren, Caitlin, Papa and Nana

For You I Wish

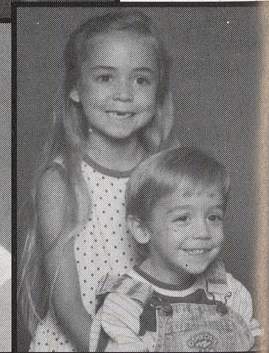

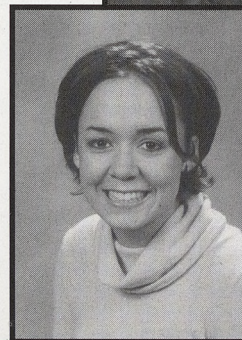

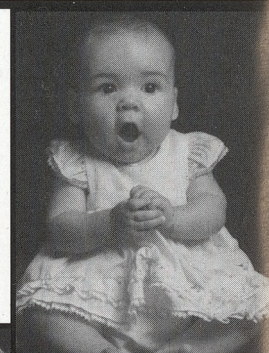

I wish for you a contented life
Filled with love and grace
For there is no greater joy for me
Than a smile upon your face.
But when times get hard and you feel pain,
I hope that all your pride
Won't keep me from where I'd want to be,
And that is by your side.

I wish for you a life of great wealth
If that's for what you yearn.
But if it's not, I'll be just as proud
No matter what you earn.
For you see, my dear, it's not those things
That set some folks apart.
It's not what's in your bank account,
But what's truly in your heart.

I wish for you a life of your own...
The way you want it to be.
The path you choose and where it may lead
Will not be up to me.
Wherever you go, whatever you become,
No matter what you do.
You'll always have my love and support.
I wish the best for you.

-George E. Young

You'll always be our
"Rae of sunshine"
Love,
Mom and Dad

Jennifer Ann Marie. What's in a name? Your family has lovingly called you Jennifer Hennifer, Jenny, Jenna Henna, "What kind of fur is Jennifer?", JAMI, Jenn, and Baby Cakes. Well, Baby Cakes, you have become quite a STAR! From a shy little girl who hid from my students under my teacher's desk to a super young lady - who looks great in a football uniform and beautiful in a formal gown.

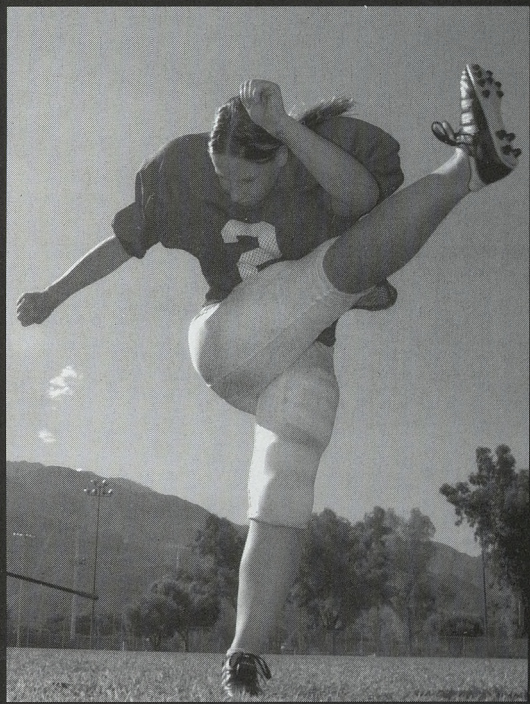

You are an amazing daughter, Jennifer. We truly admire you for your independence, tenacity, and competitive spirit. Your caring and understanding of human nature has made you a friend to all. You have left "your" mark on "our" Alma Mater.

We love you dearly, and are so proud of all you have accomplished. We look forward to your future successes.

From Dad, who always told you, "Keep your head down, your eye on the ball, kick it hard and split the uprights!"

From Mom, "You're my shining star. That is what you are. There is **no one** like you, baby!"

Love and Kisses,
Mom and Dad

To my buddies who have been there throughout my high school years- I thank you guys so much for everything. All the great adventures we've had, the sleep overs, hangin out, partying, all the laughs and the quad area during lunch. "You got something on your back!". This year has by far been the best! You guys mean a lot. Megan I love you! What would I have done without you, we have gone through many friends but we will never part, you are like a sister and my buddy. Thank you for putting up with me through thick and thin. I'll always be here for each and every one of you. While me and Megan are left in this god for sakin' hell hole you guys will go your separate ways but that doesn't mean that we will never see each other again. Good luck to all of you. Adela you are a great person I hope you excel through college and be the wonderful person you are. You have so much going for you, thank you for all the memories we have shared and the fights. hehe, I love all you guys! Best Buddies

Hey Ladies,

I can't believe the year is already over, but I can't have asked for a better one. You guys made this year fun and all of high school an adventure for me. When I first moved here I thought I wouldn't make any friends, because I was the new girl at a foreign school, then I met you guys and we became really close. I don't know where I'd be without all of you, or what I would've done without our traditional sleep-overs!! It'll be sad when we all go our separate ways, but no distance will keep us apart and I know we'll remain friends way after high school is over. I love you guys. <3

Jeminna,
 What can I say to someone who means so much to me!
 You're my best friend, other half, and even more than
 that, you are my sister! Between Arizona and Palm
 Springs we've made so many memories and next year at
 Fullerton we'll make even more. You are truly a genuine
 person with a great heart. Your uniqueness and strength
 will take you so far in life. No matter what happens in
 the future, you will always be my other half!
 I love you weesh!
 ~Jenna

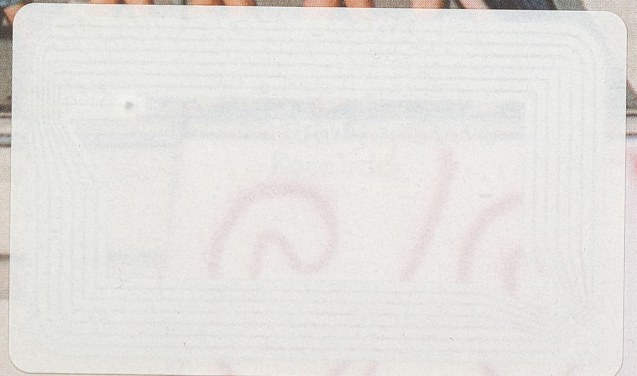

Jenna,
 You and I both know we were lucky to have each other,
 especially during the move. When we had nobody, we
 had each other. Our friendship has grown strong since
 freshman year, and there is no doubt in my mind you are
 the sister God forgot to give me. I know I can tell you
 anything and you will understand. Remember, even if
 it's 4 in the morning, I will be there for you, because you
 are always there for me. Thanks for
 everything -J-.

I love you!
 ~Jeminna
